

Manuel testing:

Bug Reports:

Bug 1/ bkn win tally: when you win it adds one to the loss tally/ see winning test to reproduce

Bug 2/ bkn button: the see all bots button does not work/ press button at top of page to reproduce

Bug 3/ loss cnt not rs: when you refresh page win and loss count is not restarted/ refresh the page to reproduce

Test : make sure that when you win you are notified and you are given a point in the correct location.

Test case: winning scenario

- Nav to <http://localhost:3000/>
- Click on draw button
- Pick two bots with greatest health by selecting add to duo button
- Click duel button at the bottom
- Look for message and placement of win or loss tally

Test case: losing scenario

- Nav to <http://localhost:3000/>
- Click on draw button
- Pick two bots with lowest health by selecting add to duo button
- Click duel button at the bottom
- Look for message and placement of win or loss tally
